OUR POLITICS  
OUR JUROR  
OUR HONOR

STATEMENT

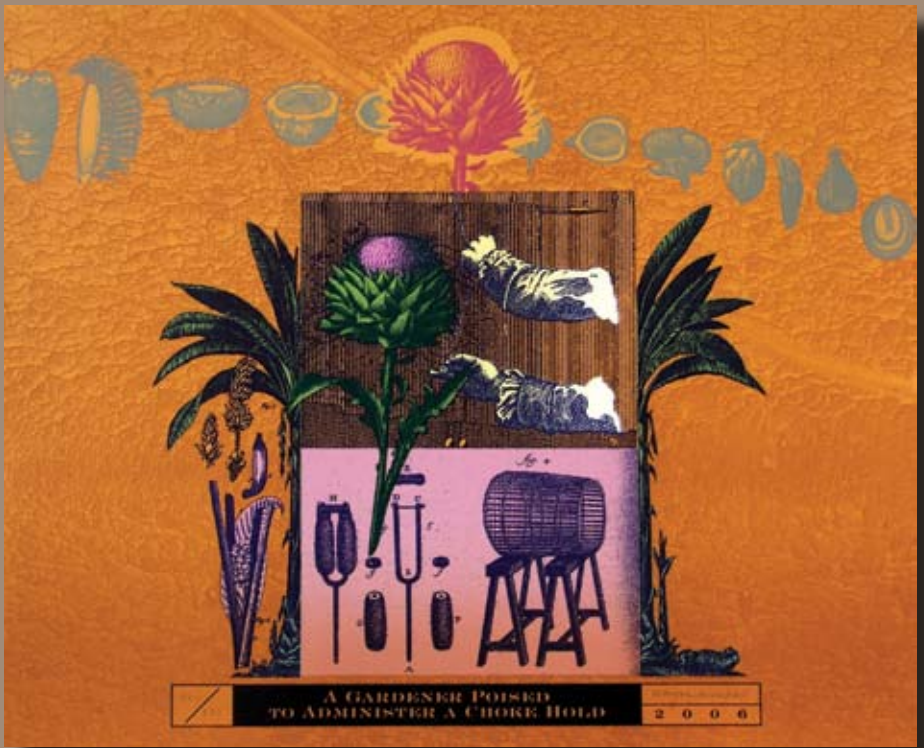

This exhibition offers the viewer a broad range of concept, content and craft representing current trends from across this country. The work selected for the 41st Annual Exhibition demonstrates that the voice of the individual artist is as broad and as diverse and as fresh right now as in any time of history.

It was a true joy for me to have participated in this process and I am grateful for the opportunity in which to lend my voice to the rich tradition of this important national exhibition.

I also would like to express my thanks to the Del Mar College Art Faculty for their warm reception and hospitality.
