| V. REPORTS FROM OFFICERS | Chair’s Report – 3 meetings  
1. Regents meeting  
Consideration of policy review item regarding budget goals/ benchmarks tabled; no date set for reconsideration.  
2. Budget Committee  
Consideration of changing 21 to 18 LEH as load on hold for further consideration by the VP of Business and Finance.  
3. FC Officers with President Garcia  
SACS Credentialing was the major topic.  
Impression of FC Officers in August was that a limited number of alternate certifications would be approved by the administration. Nothing to that effect is in writing. | S. Ondrejas                 |

### VIII. Reports by College Standing Committees

**Cultural Programs Committee**
Arnold Shapiro will be on campus March 27 to make two presentations on ethics and leadership in business and the effects media has on people. Reservations are recommended. The event is free to DMC personnel and students. Admission for the public is $25.00.

**Committee on Committees**
Phillips has sent an email to all faculty notifying them that we are approaching time to make committee appointment choices. She reported questions about accountability of committees and committee members as individuals to meet and participate in the activities of committee members. Also, reports are to be made to the President of the College and to the Faculty Council by April 15. Copies of the reports will be attached to FC minutes for the May meeting.

Cohn and Hanna asked about making the Sabbatical Committee a standing committee. Phillips will follow up.

Ondrejas pointed out that there were 2 applicants last year and only 1 applicant this year.

### IX. Old Business

**Administrative Evaluation** – all FC had been asked to see the IDEA website.

Cohn moved, Gonzales-Hernandez seconded: that steps be taken to see that the IDEA Evaluation System for chairs, deans and other administration be implemented in 2007-2008 and that the required funds be budgeted. Note: Phillips added that the ADMIN evaluations need to be on a schedule rather than on a volunteer basis.

**Election reports:**

a. Arts and Sciences Division: Nancy Bednar and Renato Ramirez have been elected to serve for the next three years filling vacancies created by Long and Fredrickson as they complete their three year terms.

b. Business, Professional, Technology Division: Faculty Council needs to readjust distribution of numbers of representatives and areas of study they represent through changes in the Constitution/Bylaws. NOTE: Anticipating possible changes in the restructuring of the instructional divisions of the College, FC postponed consideration of changes

**Ondrejas**

Motion – Cohn, 2nd – Gonzales-Hernandez

Motion passed unanimously.

**Ondrejas/Fredrickson**

**Constitution**

Article II. The Faculty Council Section 1: The Faculty Council shall be composed of elected representatives of the following divisions of the voting faculty:

- Arts and Sciences I Arts and Sciences II Arts and
to the Constitution/Bylaws until such time as restructuring was complete. Now believing that no further changes are going to be made in the BPTE Division, motions were presented to recommend changes before electing new BPTE faculty members to the Council.

Hattox, Chair of the FC Rules Review Committee, presented a proposal which showed his committee’s recommendation for accommodation of the needed changes:
1) change of name Industrial Technology 1 to Business, Professional, and Technology Education I;
2) change of name Industrial Technology 2 to Business, Professional and Technology Education II;
3) creation of BPTE III which would include Business Administration, Computer Science and Information Technology, Public Safety, and Human Services.

Discussion followed. It was pointed out that FC Rules provide 1 representative for 1-20 FT faculty members, 2 representatives for 21-40 FT faculty members, 3 representatives for 41-60 members. Some FC members expressed their opinions that if there were more than 60 in a group that group would automatically have a 4th representative. Others expressed their interpretation of the rules to mean that a new category for representatives should be established if there were more than 60 in a group and shared that Arts and Sciences has been restructured various times to keep a balance in representation with no group having more than 60 FT tenure-track faculty members in it. Further reasoning included that the plan presented would permit each of the BPTE groups to have 3 FC members, maintaining balance of representation on the Council. Others pointed out that if Human Services is made part of BPTE II, that group would have 4 representatives and BPTE 3 would have only 2 representatives.

MOTION by Hattox, 2nd by Phillips to implement the changes outlined on the chart. Roll call vote: 6 for, 6 against, 3 abstentions. Motion failed.

MOTION by Cohn, 2nd by Martin to place/leave Human Services in BPTE II. Roll call vote: 10 for, 1 against, 3 abstentions. Motion passed.

Phillips requested a chart of departments within divisions with the number of FT tenure track faculty in each.
Note: Elections will continue as outlined in our present rules.

SACS Credentialing
* Some action plans were submitted yesterday regarding 100 hours or 2 graduate courses.
* No motion is required today. We do need to keep talking to faculty.
* FC Chair has talked to Darlene Roberts. She expects the committee to be finished with the fulltime faculty by summer. Then the committee will begin looking at adjunct faculty credentials.

Section 1: Amendments to the Constitution may be proposed by the Faculty Council or by petition of one-fourth of the voting faculty.

Section 2: Copies of proposed amendments must be distributed to voting faculty members at least seven days in advance of consideration.

Section 3: Amendments shall be ratified by any standard [normal] voting procedure, as prescribed by (Robert's Rules of Order). Ratification shall require a majority vote with at least one-half of the faculty voting.

Section 4: Changes to the Bylaws must be submitted for information to the voting faculty at least two weeks prior to final approval by the Faculty Council.

| X. NEW BUSINESS | Policies and Procedures – chapter 4 proposed changes  
Faculty were asked to look on line – too lengthy to print for distribution. Contact FC Chair Ondrejas with questions and concerns  
**Presidential Search Committee** -  
**Questions and recommendations requested:**  
What do we want regarding representation and process in designation of *interim* and *permanent* president(s)?  
Earlier conversations have indicated that we do not want to rush the process – that even a year would be acceptable.  
**Newspaper coverage** –  
Regents Martin and McCampbell will be co-chairing the search committee. The committee will be named and the processes started in two to three weeks.  
FC members were asked and offered no objections to the FC Chair taking the 3 points discussed to the Board of Regents. The Search Committee should be as inclusive as possible including faculty, administrators and non DMC community leaders. Faculty Council members should be part of the process. | Ondrejas

| Change of time for April FC meetings -  
In order to accommodate a member’s change of class schedule, the FC meeting for April will begin at 1:00 PM.  
No objections were made.  
That change will be made on the website and in announcements. | Hattox
