Del Mar College provides a comprehensive array of student support programs, services, and activities that fosters an environment of accessible learning opportunities by fulfilling individual and community needs. Student development as well as academic support programs, services, and activities at Del Mar College promote learning, increase retention, assist with educational goals, enhance employment opportunities and foster an environment of student development and growth.

All enrolled students including distance and VCT enrolled students are provided print and web information on student resources. VCT enrolled students have access to student services via email, phone, fax and face to face meetings as appropriate.

The Division of Student Development administers the College’s student life programs, services, and activities. Departments within Student Services are Registrar and Enrollment, Financial Aid and Retention, Counseling and Advisement, Special Services, Recruitment and Outreach, Testing, Tutoring, and Student Activities. Executive-level administrative oversight of the departments is provided by the Vice President Student Development.

The statewide VCT program further provides student support services that include a VCT course schedule, VCT course reservation system, a student orientation to VCT, and online final grade reports. These can be found at the VCT Website under the "Students" tab.
