May 21, 2007

Dear Del Mar College Colleague:

Del Mar College is required to develop a Quality Enhancement Plan (QEP) as part of its reaffirmation review by the Southern Association of Colleges and Schools (SACS). The QEP Team has deliberated, voted, researched, and voted again in an effort to narrow the campus-generated list of ideas and to meet the characteristics of a good QEP topic. Now, the QEP Team is ready to move toward a more detailed analysis of four of these proposals.

The QEP Team is requesting your assistance in developing a “white paper” this summer. A stipend of $1000 will be awarded for development of a short research report on any one of the four topics. These topics, the requirements of the white paper, and a timeline are all provided in the attachments. If you are interested, you may email Dr. Blanca Rosa Garcia, VP Instruction, by Monday, June 11, 2007.

Please consider writing one of these reports. Your academic interests, teaching experience, and research ability may well give you the perspective that will help the College choose the best topic for its Quality Enhancement Plan.

Yours truly,

Blanca Rosa Garcia, PhD
Vice President of Instruction
